GET OUT OF DEBT
Replace the loan on your home with one of our Diminishing Mortgages

Aside from being distinctly less costly over an 11-year period than any straight mortgage real estate loan, our "Diminishing Mortgage" Plan will actually GET YOU OUT OF DEBT and leave you owning a home free and clear of all encumbrances. Let us explain.

Local Representative—Wanted.

Buxton's Model House Attracts Immense Throng

Dwelling Which Set Standard of Fine Building Is Viewed by Hundreds

Torrance's Model Home, built by Bronson C. Buxton, and which is conceded to have set a standard of fine home-building for the community, attracted hundreds of visitors during and after its formal opening last week. The beautiful oyster-white dwelling at 1515 El Prado was the mecca for not only Torrance and Lomita home seekers and fine home admirers, but of many visitors from other communities.

Between seven and eight hundred persons passed through the Model Home, admiring its beautiful finish, workmanship and appointments, and its splendid setting in El Prado Park. At times during the hours of inspection, 30 and 40 persons were in the dwelling at one time. The spacious hallway alone at many times accommodated a dozen visitors. The home still may be inspected by application to Mr. Buxton.

Mr. and Mrs. Henry Schaal of Los Angeles were recent dinner guests of Mr. and Mrs. E. J. Blackfeld of the Norman Arms.

Hugest School Lawn in County Planted

Torrance Elementary School is boasting what is perhaps the most extensive elementary schoolground lawn in Los Angeles county. Planting of the big grass plot in front of the building has just been completed, at a cost of \$300. An up-to-date sprinkling system is installed.

The grass covers 24,000 square feet, and to seed it 130 pounds of bluegrass and 70 pounds of clover were used.

R. R. C. Announces Wigwag Application

The railroad commission formally has announced the application of the city of Torrance for an order directing the Santa Fe and Los Angeles Harbor Railway Company to maintain an automatic flagman at Redondo boulevard and Madrid Avenue, where the Santa Fe tracks on Madrid, cross Redondo boulevard at grade. An engineer of the commission was in Torrance last week, at which time he inspected the crossing.

BENEFIT ASSOC. NOTES

The Woman's Benefit Association, formerly known as the "Macabees," cordially invite members of the Torrance Review and out of town members to the meetings held on the 2nd and 4th Tuesdays of every month. Meetings are held at the Women's Club House on Engracia avenue.

Creamery Completed for Quality Service to This Community

The new plant of the Kern Creamery at 1336 Post avenue, Torrance, was completed this week and is now serving the Southbay district, including the towns of Torrance, Lomita, Moneta, Redondo, Hermosa, Hawthorne and Manhattan Beach.

It is the only local creamery plant in the Southbay district, according to C. F. Kern, president and general manager of the company, and is one of the most modern in the Southland.

"We have spared no expense in equipping Torrance and the neighboring towns a first class creamery," said Mr. Kern, "and we want to extend a hearty invitation to everyone in this community to visit the plant any time they wish, so that they can see with their own eyes, how clean and sanitary everything is kept."

At present the Kern Creamery is selling Grade A raw and pasteurized milk and cream, butter, milk and butter. Other creamery products will be added later, it is planned.

The Kern Creamery sets a wholesale milk retail, the home

Monroe and Morris Are in New Office

service being completed over the entire territory before breakfast. Milk produced in the afternoon is delivered at daybreak the next morning, thereby giving the fastest and most direct service possible.

Housewives may secure either Grade A raw or pasteurized creamery products from the Kern drivers or at the creamery plant on Post Avenue.

E. W. Monroe and G. L. Morris have established themselves in permanent quarters at 1621 Cabrillo avenue, where they will engage in real estate, insurance and loan business, specializing in real estate exchanges. Both Mr. Monroe and Mr. Morris have been extensively interested in Torrance affairs before the establishment of their present business location.

Mr. Monroe has been in Torrance for a year, and is the builder of the structure at 1621-23 Cabrillo which houses the firm's business headquarters and of a duplex at 1803 Andro. Mr. Morris also has been in Torrance a year and has built three duplexes and two single dwellings in the city.
